Hip Hop Dance I

Grades: Age 4 - K **Mondays, 3 - 4.00 pm** **Location: TBD** **Price: \$450**

Children can expect to learn many different key elements to dancing. From timing and rhythm, to different styles of hip hop dance. Crump, Turfing, slides, breakdance, etc. Many of my teaching techniques involve the child creating their own version of certain moves. Guiding children to see something they like, and mix it up in their mind. I also teach dance battling moves for competition. Most importantly though, I teach "ear training" where I show children what to listen to, and how to catch that timing of rhythm to dance to it. This takes practice but is one of the most important elements to dancing in general.

German Language Club

Grades: Age 4 & up **Tuesdays, 2 - 3 pm** **Location: Room 28** **Price: \$350**

This is a program for young German speaking children who are ready to explore the world of German stories, letters and sounds in a playful, fun and child centered manner. Children learn about the alphabet, and start basic writing and reading techniques with the help of teacher-recommended programs from Germany. Story time adds new vocabulary and enriches the child's ability to express thoughts in German. To keep the child engaged in an age appropriate manner we sing old-time favorites and exciting new songs and learn fun rhymes and poems, all of which expose your child to his or her rich cultural heritage. We are looking forward to welcoming your child in our program!

Chang Tai Do Karate

Grades: 1 - 4 **Tuesdays, 2 - 3 pm** **Location: Gym** **Price: \$530** (plus materials fee)

Chang Tai Do Karate & Fitness classes include history, culture, terminology and etiquette relating to multiple martial arts styles, forms based on Shotokan Karate. Students will learn proper stretching, blocks, punches, kicks, strikes, self-defense, forms (Kata) and sparring (Kumite). For the intermediate to advanced, students will be introduced to Chang Tai Do weapon or stick forms. The Training will help students develop better mental focus, coordination, discipline, strength, endurance and skills to defend one self. Introduction to proper stretching, basic blocks, kicks, punches, strikes, and what to do to fend off an attacker. Children's natural curiosity and playfulness combined with basic Karate drills help develop coordination, mental focus, and alertness. A great way to learn discipline, respect, self-confidence, help release excess energy and prepare students for future, more structured classes.

Material fees (mandatory, not included in the registration fee)*:
Uniform \$40 (size 3 & below) / \$50 (size 4 & up); Target pad \$40;
Testing fee \$25 (optional & varies per level) - to advance to the next level, students could take test every two months.
*Payable to instructor. Please make your check out to John Chang.

Physical Theatre (Drama)

Grades: Age 4 - K

Wednesdays, 2 - 3 pm

Location: Gym

Price: \$350

Kids love empty spaces (Newcomers welcome)

As soon as children enter an empty space, they run, roll on the floor, enjoy life, and begin playing. In the emptiness of space, they develop their imagination, ideas and joy of playing almost automatically. Based on this insight and inspiration from contact improvisation and contemporary physical theatre, this course inspires childlike playfulness as we tell small stories together. We accomplish this first by using body awareness and relaxation exercises as a foundation. Skills like walking, standing, falling, jumping, carrying and being carried, leaning and rolling are explored and lead to an extension of the natural movement repertoire from rest to high physical activity. Using a variety of games for relaxation and coordination, sensory perception and body image, we turn to simple theatrical game exercises and improvisation tasks. The children receive suggestions for staging short physical theatre plays based on topics, which are either pre-defined or chosen by the children themselves. How can we tell small stories using only body language, facial expressions and gestures? How can we develop little movement sections with one another? In this manner, we foster an interest in movement and playing and we also train physical memory, orientation in the room and time perception. We conclude the semester by presenting a small series plays that use only a few words and tell exciting stories.

Class size: Minimum 5 students

Instructor: Friederike Koch

Friederike is passionate about European-style theater & dance performance. Prior to relocating to Silicon Valley in 2015, she taught drama & physical theater at the European Theater Institute in Berlin for thirteen years. Within the acting department, she taught physical theater, mime, corporel dramatique, theater sports & improv. Additionally, she taught movement for actors, contact improvisation, body mind centering (BMC), performance techniques & choreography. In 2017, she became a drama teacher in contemporary physical theater at Alto International School. Friederike graduated from the University of the Arts, Amsterdam (School for New Dance Development & Choreography) and studied Theater & Education at University of the Arts in Utrecht. Beyond teaching, she has directed and produced several theater & dance productions in the Netherlands and Germany. She also works as a documentary filmmaker and script writer for German public television since 2011.

Acting workshop & the Making of a Theater Play (Drama)

Grades: 1 - 4

Wednesdays, 3 - 4 pm

Location: Gym

Price: \$350

In this acting workshop, children in grades 1-4 will receive first insights into the world of acting and the creation of a theatrical play. Through a variety of exercises the students will become familiar with the basics of acting, scene work, and role playing. Throughout the course, the focus will be on the fun of drama and the discovery of innate playful skills. The main topics the students will be working on are improvisation, vocal and physical exercises, the development of a character/role, and mise-en-scene. After finishing the basic training the students will stage a play. They will learn how to work with a given text, to immerse themselves in other worlds, and how to be part of a strong ensemble, i.e. supporting each other on stage. The finale of this class is a performance in front of an audience. Which stage play we will be working on will be announced after the winter break.

Creative Architecture I

Grades: Age 4 - Grade 1 **Thursdays, 2 - 3 pm** **Location: Room #27** **Price: \$460**

The purpose of this course is not training future architects but to nurture children's talents, interests, & encourage interdisciplinary pollination of STEAM (Science, Technology, Engineering, Art, Math) topics. Design is a Catalyst for Learning! When children are engaged in the process of designing, they are learning to identify needs, frame problems, work collaboratively, explore and appreciate the contexts within which a solution must work, weigh alternatives, and communicate their ideas verbally, graphically, and in three dimensions. Children will design and build three dimensional structures and buildings limited only by their imagination. They'll learn how architects combine functional needs for a building with designs that excite our imaginations. They will use wide range of materials (including clay, wood blocks, cardboards, polystyrene, foam boards) to turn their imagination into reality.

The Sewing Bubble I

Grades: 1 - 3 **Thursdays, 2 - 3 pm** **Location: Room #33** **Price: \$360**

The Sewing Bubble is a place where students can leave school worries behind and immerse themselves in creating. Students in this class will learn fundamental sewing skills including both hand sewing and machine sewing. We will explore different stitch techniques by making small projects that will build skills through creativity and fun. Projects will be skill level appropriate and combine a number of techniques. Some examples of potential projects are bags or pouches, headbands, belts, sewing kits and much more! Students will finish the class with basic sewing abilities and wonderful self made items to be proud of.

This class is appropriate for beginners with little or no experience.

Class size: maximum 8 students

Instructor: Allison Philippsen

Beginner's Spanish

Grades: 1 - 4 **Thursdays, 2 - 3 pm** **Location: TBD** **Price: \$510**

This beginner Spanish program is great for total beginners or those with limited knowledge. The focus is on learning through games, songs and play to get students speaking in Spanish while having fun. Kids will learn greetings, colors, numbers/time, animals, food for the first time or in review (for some) and expand upon these skills to learn to express ideas such as likes/dislikes, learn high frequency verbs to help describe action and make requests, learn to describe people/animals/objects, and other basic speaking skills.

Class size: Minimum 5 students

The Sewing Bubble II

Grades: 3 - 5

Thursdays, 3 - 4:30 pm

Location: Room #33

Price: \$375

The Sewing Bubble is a place where students can leave school worries behind and immerse themselves in creating. Students in this class will continue to hone their sewing skills and learn more advanced techniques. Emphasis will be placed on learning more diverse embroidery techniques and improving machine sewing control in order to gain confidence in a variety of sewing situations. Projects will combine several techniques and mediums. Some examples of projects we may make include skirts or shorts, headbands or barrettes, stuffed animals, coin purses or bags and much more!. Projects will be selected based on class make up and ability.

This class is appropriate for students who have attended previous Sewing Bubble classes or have basic sewing skills.

*Students who have not participated in a previous Sewing Bubble class please contact teacher for approval.
