Elementary Grades 1 - 4
Grades 1 - 4 end school at 2pm every day (except Monday). There are extracurricular offerings at both 2pm and 3pm for students in these grades. Details on established and new classes being offered are included in this program.

Elementary Grade 5
Grade 5 ends school at 2:30pm Tuesday - Thursday. There are elementary school EC offerings appropriate for 5th graders at 3pm.

Upper School Grades 6 - 11
There are a few traditional extracurricular classes offered for a fee. Free upper school clubs will be posted separately.

Signing Up

Some classes have a minimum number of participants necessary to offer the class; if the minimum number of sign-ups is not met by January 24, 2020, some classes may need to be cancelled.

- Enrollment deadline: January 24, 2020 (prices as listed)
- Continuous enrollment throughout the semester is possible for a late fee of $25/class, unless you are a new family, joining Alto after January 24, 2020.
Why Enroll in the Extracurricular Program?

Alto extracurriculars not only enhance student learning outside of class time, but also encourage physical activity and healthy dietary habits. Participation can boost academic performance, and improve self-confidence and emotional well being. Alto provides a safe and structured environment for students to try new things, or perfect their skills in a broad set of extracurricular classes.

- **Sports & Martial Arts:**
  Improves overall health, builds strength and teaches teamwork

- **Theatre/Drama, Arts & Music:**
  Teaches how to demonstrate passion, helps with relaxation of mind and body and develops public speaking abilities

- **Problem Solving:**
  Teaches thinking and flexibility

- **Culture & Languages:**
  Improves language skills and long term memory

- **Cooking & Nutrition:**
  Teaches awareness of cooking and living healthy and encourages interest in different cultures through food

**Extracurricular Class Policies**

- Students may register at any time. Prices as listed for the spring semester 2020 are valid through January 24, 2020. After that date there is a $25 per class late sign up fee. You may register your child online or in the front office at Alto.
- Courses may be cancelled due to insufficient enrollment or closed if full. If courses are cancelled, parents will be notified via email.
- Sign-ups are for the entire semester, including private music lessons or tutoring (if available).
- Please read the following class descriptions carefully, they contain information about the class and, if applicable, additional materials fees.
- Minimum required age to participate in extracurricular classes is 4.
- On rainy days, students enrolled in the afternoon sport activities will meet with their sport trainers in designated classrooms for sport theory, conditioning and team-building games. There is no need for early pick-up, unless otherwise described.
- It is important that we know the whereabouts of the students. Attendance will be taken by the extracurricular instructors. If your child will miss an after school class, please notify the EC Coordinator, Ina Albert by phone at 650-324-8617 or via email at jalbert@altoschool.org.
- **Class cancellations due to the instructor being sick or because of special school events will be made up at a later date. Children who are absent from class will not be reimbursed.**
- Refund for withdrawal is based on the date when Alto receives notification:
  > 75% refund until seven days before the first day of the course
  > 50% refund thereafter
  > No refunds after the first month of class

| This is a program for young German speaking children who are ready to explore the world of German stories, letters and sounds in a playful, fun and child centered manner. Children learn about the alphabet, and start basic writing and reading techniques with the help of teacher-recommended programs from Germany. Story time adds new vocabulary and enriches the child's ability to express thoughts in German. To keep the child engaged in an age appropriate manner we add games and arts and crafts as an additional way to reinforce simple language structures. We are looking forward to welcoming your child in our program!

| Children can expect to learn many different key elements to dancing. From timing and rhythm, to different styles of hip hop dance. Crump, Turfing, slides, breakdance, etc. Many of my teaching techniques involve the child creating their own version of certain moves. Guiding children to see something they like, and mix it up in their mind. I also teach dance battling moves for competition. Most importantly though, I teach “ear training” where I show children what to listen to, and how to catch that timing of rhythm to dance to it. This takes practice but is one of the most important elements to dancing in general.

**Chang Tai Do Karate**  
**Grades:** 1 - 4  
**Tuesdays,** 2 - 3 pm  
**Location:** TBD  
**Price:** $500 (plus materials fee)

Chang Tai Do Karate & Fitness classes include history, culture, terminology and etiquette relating to multiple martial arts styles, forms based on Shotokan Karate. Students will learn proper stretching, blocks, punches, kicks, strikes, self-defense, forms (Kata) and sparring (Kumite). For the intermediate to advanced, students will be introduced to Chang Tai Do weapon or stick forms. The Training will help students develop better mental focus, coordination, discipline, strength, endurance and skills to defend one self. Introduction to proper stretching, basic blocks, kicks, punches, strikes, and what to do to fend off an attacker. Children’s natural curiosity and playfulness combined with basic Karate drills help develop coordination, mental focus, and alertness. A great way to learn discipline, respect, self-confidence, help release excess energy and prepare students for future, more structured classes.

**Material fees (mandatory, not included in the registration fee)*:**  
Uniform $40 (size 3 & below) / $50 (size 4 & up); Target pad $40; Testing fee $25 (optional & varies per level) - to advance to the next level, students could take test every two months.  
*Payable to instructor. Please make your check out to John Chang.

Wednesday

Drama I: Physical Theatre
Grades: Age 4 - K     Wednesdays, 2 - 3 pm     Location: Gym     Price: $435

Kids love empty spaces (Newcomers welcome)
As soon as children enter an empty space, they run, roll on the floor, enjoy life, and begin playing. In the emptiness of space, they develop their imagination, ideas and joy of playing almost automatically. Based on this insight and inspiration from contact improvisation and contemporary physical theatre, this course inspires childlike playfulness as we tell small stories together. We accomplish this first by using body awareness and relaxation exercises as a foundation. Skills like walking, standing, falling, jumping, carrying and being carried, leaning and rolling are explored and lead to an extension of the natural movement repertoire from rest to high physical activity. Using a variety of games for relaxation and coordination, sensory perception and body image, we turn to simple theatrical game exercises and improvisation tasks. The children receive suggestions for staging short physical theatre plays based on topics, which are either pre-defined or chosen by the children themselves. How can we tell small stories using only body language, facial expressions and gestures? How can we develop little movement sections with one another? In this manner, we foster an interest in movement and playing and we also train physical memory, orientation in the room and time perception. We conclude the semester by presenting a small series plays that use only a few words and tell exciting stories.

Class size: Minimum 5 students

Instructor: Friederike Koch
Friederike is passionate about European-style theater & dance performance. Prior to relocating to Silicon Valley in 2015, she taught drama & physical theater at the European Theater Institute in Berlin for thirteen years. Within the acting department, she taught physical theater, mime, corporel dramatique, theater sports & improv. Additionally, she taught movement for actors, contact improvisation, body mind centering (BMC), performance techniques & choreography. In 2017, she became a drama teacher in contemporary physical theater at Alto International School. Friederike graduated from the University of the Arts, Amsterdam (School for New Dance Development & Choreography) and studied Theater & Education at the University of the Arts in Utrecht. Beyond teaching, she has directed and produced several theater & dance productions in the Netherlands and Germany. She also works as a documentary filmmaker and script writer for German public television since 2011.

**Art: Drawing and Printmaking with Mira and Christiane**

*Grades: 3-4*  
*Wednesdays, 2 - 3 pm*  
*Location: TBD*  
*Price: $435*

The course offers an introduction into a variety of materials and techniques in 2D, starting with basic drawing skills. We will experiment with linear structures and evolving patterns. Working in their sketchbooks students will learn how to draw basic shapes in perspective and explore the differences between line drawing and value drawing. This will be followed by nature studies. Applying our new drawing skills we will then explore the basics of printmaking, getting to know different printing techniques, papers and formats. We will experiment with monoprinting using found objects and work with styrofoam or gelatine printing. While learning the different techniques we will also look at examples from art history or contemporary art and explore the varying potentials of each technique. Depending on time and skill level we will round up the course by combining our drawings and prints into mixed media collages, accordion books or panoramas.

**Class size:** Minimum 5 students, Maximum 10  
**Instructor:** Christiane Haase & Mira Voigt  
Besides being an Alto parent, Christiane Haase Meschkat is also an award-winning artist. She studied architecture and visual arts at Bauhaus University Weimar in Germany and taught and lectured in different universities in Germany and China. Her sculptures, installations and drawings were presented in many solo and group shows worldwide. As a visiting artist she has worked in Japan, China, The Netherlands, and Germany. She loves to try new techniques and materials and enjoys sharing her method of creating new ideas. [www.christianehaase.com](http://www.christianehaase.com)

Mira Voigt studied stage design at Kunsthochschule Berlin and continued as a master student in illustration at HGB Leipzig. She worked as an assistant to the head of stage design Jan Pappelbaum at Schaubuehne Berlin during and after her studies. Mira realized her own stage and costume design freelancing at theaters in Halle, Weimar, Bern and Berlin for music theater and opera. Her love for sketching, drawing and stories inspired her to experiment with graphic novels. Since her move to the US she focuses on printmaking, especially block printing. **Drama II: Acting workshop & the Making of a Theater Play**

*Grades: 1 - 5*  
*Wednesdays, 3 - 4 pm*  
*Location: Gym*  
*Price: $435*

In this acting workshop, children in grades 1-4 will receive first insights into the world of acting and the creation of a theatrical play. Through a variety of exercises the students will become familiar with the basics of acting, scene work, and role playing. Throughout the course, the focus will be on the fun of drama and the discovery of innate playful skills. The main topics the students will be working on are improvisation, vocal and physical exercises, the development of a character/role, and mise-en-scene. After finishing the basic training the students will stage a play. They will learn how to work with a given text, to immerse themselves in other worlds, and how to be part of a strong ensemble, i.e. supporting each other on stage. The finale of this class is a performance in front of an audience. Which stage play we will be working on will be announced after the winter break.

(12 class sessions: 2/6, 2/13, 2/27, 3/5, 3/12, 3/19, 4/2, 4/9, 4/23, 4/30, 5/7, 5/14 (no preschool EC, ES classes are scheduled), 5/21, 5/28, 6/4)

Creative Architecture I
Grades: Age 4 - Grade 1  Thursdays, 2 - 3 pm  Location: #14/15  Price: $400

The purpose of this course is not training future architects but to nurture children’s talents, interests, & encourage interdisciplinary pollination of STEAM (Science, Technology, Engineering, Art, Math) topics. Design is a Catalyst for Learning! When children are engaged in the process of designing, they are learning to identify needs, frame problems, work collaboratively, explore and appreciate the contexts within which a solution must work, weigh alternatives, and communicate their ideas verbally, graphically, and in three dimensions. Children will design and build three dimensional structures and buildings limited only by their imagination. They’ll learn how architects combine functional needs for a building with designs that excite our imaginations. They will use a wide range of materials (including clay, wood blocks, cardboard, polystyrene, foam boards) to turn their imagination into reality.

Basketball
Grades: 1 - 4  Thursdays, 2 - 3 pm  Location: Quad  Price: $400

This class is to teach students the fundamentals and basic rules of basketball. Dribbling, shooting, passing, rebounding. My plan is to put mini games into the full game of basketball making there be a purpose behind it. For example, a rebound game: When I shoot the ball, whoever gets the rebound gets a reward/point. A simple side game to improve fundamentals of the entire game of basketball.

Class Size: Minimum 5 students
Instructor: Coach Adam

The Sewing Bubble II (advanced)
Grades: 2 - 4  Thursdays, 2 - 3:00 pm  Location: Room #33  Price: $400

The Sewing Bubble is a place where students can immerse themselves in sewing and creating. Students in this class will continue to hone their sewing skills and learn more advanced techniques. Emphasis will be placed on learning more diverse fabric and stitching techniques and improving machine sewing control in order to gain confidence in a variety of sewing situations. Projects will combine several techniques and mediums and require longer term planning and execution. Some potential projects include clothing such as skirts, shorts, dresses or tank tops, accessories such as headbands or belts, small stuffed creatures, coin purses or tote bags and much more! Projects will be selected with student input and based on class make-up and ability.

This class is appropriate for 2nd-4th grade students who have attended previous Sewing Bubble classes or have basic sewing skills and feel ready for a challenge.

*Students who have not participated in a previous Sewing Bubble class please contact teacher for approval.
